## A Few Words About Our Coffee

Unlike other diners, we see coffee not just as a hot beverage, but as essential nourishment to start our day. Our coffee beans are a rich blend of Indonesian, Central and South American beans and are available for you to take home. Just ask your friendly server.

And for those of you seeking greater adventure in the wide-awake world of caffeine, please visit our classic coffee house: **JAVA MAN**

It's right down the street on Pier Avenue, two blocks up from the pier, here in groovy Hermosa Beach. Tell 'em Edna sent you!

## By the Way...

Thanks for visiting the Ocean Diner, where we've been serving homemade food with a smile for over thirty seven years. With the 1940's memorabilia (such as our toaster collection) and the Big band music, we've tried to recreate a place where the food is freshly prepared and everyone is made to feel like they are at Grandma's house for a home cooked meal. Our baked goods are made daily from scratch so treat yourself to something from our dessert case. And don't forget to check out the Weekly Specials Board to see what we've created for your dining pleasure!
